## SUBPART C: USE AND MANAGEMENT OF CONTAINERS

## Section 670.301 Containers

## a) Containment

Container storage areas regulated under this Part must have a containment system that is designed and operated as follows:

- 3) When not protected from receiving precipitation the containment shall have a minimum containment volume of a 6-inch rain storm (a 25 year, 24 hour rain), plus the capacity of the largest container, and the volume displaced by the bases of the other containers located within the secondary containment structure. Containers that do not contain free liquids need not be considered in this determination.
- 4) When protected from receiving precipitation, the containment volume of 100 percent of the capacity of the largest container, plus the volume displaced by the bases of the other containers.
- 5) Run-on into the containment system must be prevented unless the collection system has sufficient excess capacity in addition to that required in Subsection a(1)(c) to contain any run-on which might enter the system; and

147.105 Amendment

a) The Director shall license as Sales Agents, persons engaged in business activity dealing with the public provided, however, that the sole proprietors, partners, corporate officers or principals of an applicant must be 18 years of age or older to be eligible to apply for a license. The total number of Sales Agents shall be sufficient to assure that lottery products are conveniently available to the public throughout the State, consistent with the constraints of the Department's budget. Any person interested in obtaining a license as a Sales Agent, must first fill out an application with the Department, on such forms as may be provided by the Department. The Department will have a representative meet with the applicant to discuss the responsibilities of selling lottery products, and gather information concerning the applicant and his business establishment concerning the factors listed below. The Director shall give careful consideration of to the following factors in selecting as Sales Agents those persons which one may expect to provide a high level of sales volume of lottery products, proper security for the lottery equipment, tickets and money, and a good public image for the State's lottery products.

  - 8) The veracity of the information supplied in the license application.
  - 9) The merchandising skills and business experience of the applicant, including the tenure of applicant's business at the proposed location.

- a) The Director may issue special license licenses from time to time for the sale of lottery products at public events of short-term

duration and limited geographic scope. Examples of such events include, but are not limited to, state and county fairs, ethnic festivals, and street fairs. Special licenses shall be designated "limited" or "unlimited". Limited special licenses shall be subject to the provisions of subsection (c) below. A special license shall entitle the holder to conduct sales of instant tickets only for the term of the license, and on the licensed premises. Unlimited special licenses shall entitle the holder to conduct both on-line and instant ticket sales for the term of the license and on the licensed premises. The term of the special license shall be determined by the duration of the event.

b) Factors which shall be considered by the Director in determining whether the licensing of sale of lottery products during the course of a public event shall include, but are not limited to:

- 1) The anticipated public perception of the event as an appropriate vehicle for marketing of lottery products;
  - 2) The term and expected attendance at the event, as a measure of anticipated sales; and
  - 3) Sensitivity of the sponsor to the preservation of the integrity of the lottery and its products as evidenced by the sponsor's conduct of similar activities or events in a responsible manner.
- 4) ~~The cost of installation and the availability of equipment and personnel balanced against the anticipated volume of sales of lottery products.~~

c) Any person may apply for a special license. However, to be granted on-line status, an applicant must be a currently licensed lottery Sales Agent authorized to sell on-line products. Applications for special licenses will be subject to the discretionary review of the Director as provided in subsections (a) and (b) above. In granting on-line status, the Director shall additionally consider the cost of installation and availability of equipment balanced against the anticipated volume of sales of lottery products.

e) ~~The Director may, from time to time, compile a listing of known recurring events, such as annual state fairs and street festival and known special events with potential as vehicles for successful marketing of lottery products. To the extent that the name, location and dates of such events are available to the Department at the beginning of each calendar year, the Director shall issue a general informational mailing to the currently registered licensed lottery agents in the state. Such notice shall contain information as to the name and dates of the event, the location of the event, the number of limited or unlimited special licenses which the Director has determined shall be issued for such event and the identity of a departmental contact person whom the licensed sales agent may contact for further information. The list may be supplemented by such further mailings as the Director may deem appropriate.~~

~~a) Those licensed sales agents desiring to participate in a random drawing for such special licenses shall notify the Director, in writing, by letter postmarked not less than thirty days prior to the event, including in such written notification the name of the license sales agent, the number of the agent's license and the name of the event for which the agent wishes to participate in the random drawing.~~

e) ~~No more than fifty-nine days prior to the event and no less than forty-five days prior to the event, the Director shall cause a random drawing to be held among all the applications received for the special licenses for such event. The number of applications~~

~~selected at such random drawing shall be equal to the number of licenses which the Director has determined shall be issued for such event. A number of applications equal to twice the number of licenses to be used shall be drawn as alternates ranked in the order drawn. No later than thirty-five days prior to such event, the Director shall notify the applicants selected to be granted a special license for such event and shall issue the special license with such limitations on geographic locations and duration, and security conditions as the Director may deem appropriate for the sale of lottery tickets to the public at such event.~~

f) ~~In the event that the number of applications received for licensed sales agents desiring to participate in a drawing for such special license is less than the number of special licenses which the Director has determined shall be issued for such event, then the Director shall issue such special licenses to those applicants which were received in a timely manner. To provide the balance of such number of special licenses as the Director has determined is appropriate to such public event, the Director may assign such personnel of the Department as is necessary to provide the service of selling lottery tickets to the public at such public event.~~

g) ~~Any person may apply for a limited license, and any licensed on-line agent may apply for an unlimited license to sell lottery products at events not included in the annual listing prepared by the Department. Applications for such special licenses will be subject to the discretionary review of the Director as provided in subsection (a), and any license or licenses authorized by the Director with respect to such event shall be awarded among competing applicants on the basis of earliest postmark. In the event of a tie among applications bearing the same postmark and competing for fewer special licenses than the number of applicants, the competing applications shall be placed in identical unmarked departmental envelopes by any Deputy Director of the Department, outside the presence of the Director. The Director shall then select at random from the unmarked envelopes the number of envelopes equivalent to the number of special licenses to be issued for the event, and the applications therein shall be issued the limited license or licenses. In the event the number of applications received from licensed sales agents desiring to participate in a special event is less than the number of special licenses which the Director has determined will be issued for such event, then the Director shall issue special licenses to those agents who have applied. To provide the balance of such number of special licenses as the Director has determined is appropriate to the event, the Director may assign such personnel of the Department as may be appropriate to sell tickets to the public at the event.~~

h) ~~d) Lottery sales agents holding special licenses are subject to the same responsibilities and restrictions as regular sales agents as set forth in this Part. However, the Director may, in his or her discretion, temporarily waive a particular condition of licensing in order to carry out the purposes of this Section.~~

e) ~~If the Director determines lottery tickets should be sold at a public event, and no application for special license is received for that event, the Director may assign such personnel of the Department as may be appropriate to sell tickets to the public at the event.~~

## Section 1770.90 Delinquent Financial Obligations

- a) It is the obligation of each Lottery sales agent to remain current on his or her financial obligations to the Department. Lottery accounts are due and owing, in full, on each settlement day designated by the Department. Settlement of on-line terminal agent ticket accounts will be on a weekly basis, and settlement of instant game ticket accounts will be as scheduled by the Department. Accounts not settled on designated settlement days shall be deemed delinquent. Serious or repeated delinquencies may result in the suspension or revocation of a Lottery sales agent's license or the deactivation of the Lottery sales agent's on-line terminal. In the event the Department determines that a delinquency exists as a result of failure of an agent to segregate Lottery funds from other funds or as a result of commingling of Lottery funds or other assets so that the funds and assets of the Department, held in trust by an agent, cannot be identified and surrendered upon demand by the Department or its authorized collection representative, the Department shall revoke the license without notice or prior hearing, as provided in Section 1770.40(a)(4) of this Part. Lesser delinquencies in satisfaction of delinquent financial obligations will be processed pursuant to the provisions of subsection (b) and (c) of this Section.

- b) In the event an agent, authorized to sell only instant products, is delinquent with respect to settlement of his or her instant ticket sales account, and the delinquency is the first or second such delinquency within the past twelve months, inclusive of the month of the current delinquency, the collector will establish an extended collection deadline of 4:00 p.m. on the collection day, for a morning delinquency, and 10:00 a.m. the following business day for an afternoon delinquency. A delinquent agent will be charged with each such delinquency provided, however, that an agent delinquent with respect to a settlement envelope, but timely in payment, will be charged with only one-half of a delinquency. There will be no sanctions imposed with respect to the first two such delinquencies within a twelve-month period, unless both delinquencies occur within a 30-day period. Upon the third such delinquency, or the second of two delinquencies in a 30-day period, the Department or its collection agent shall notify the licensee that it will be under review by Department management for possible license revocation. The agent's on-line terminal will be disconnected pending Departmental review of the circumstances surrounding the delinquency. During the period of review, no new instant tickets will be delivered to the agent. If the Department determines that the delinquencies, or any of them, were reasonably

## NOTICE OF ADOPTED AMENDMENTS

justified due to circumstances beyond control of the agent, the Department will reinstate the agent by resetting the terminal. Thereafter, any subsequent delinquency which, when taken with other delinquencies within the immediate past twelve calendar month period totals three delinquencies, or two delinquencies within a thirty day period, shall require additional review by the Department. If, upon any such review, the Department determines that the delinquencies are not reasonably justified by the agent the Department shall proceed with notification of termination in accordance with the procedures set forth in subsection (d)(2) of this Section.

- c) The Department will apply sanctions with respect to delinquent on-line agent accounts according to the following schedule of sanctions:

- 1) First delinquency: In the event an agent is delinquent in settlement of his or her Lottery account, and the delinquency is the first within the past twelve months, inclusive of the month of delinquency, the agent will deliver the settlement envelope to the Department's District Office or designated courier service and/or deliver correct payment to the Department's on-line vendor District Office or wire transfer the funds to the Department's account by 4:00 p.m. If delinquency was before noon (12:00 p.m.); if after noon (12:00 p.m.) the deadline is 10:00 a.m. the next working day. If the current week's settlement which was due on settlement date is paid by the extended settlement deadline, the agent will be credited charged with one delinquency (one-half of a delinquency if the payment was timely but the settlement envelope was delinquent as described in (b) above) but will receive no further sanction.
- 2) Second delinquency: In the event an agent is delinquent in settlement of his or her Lottery account or any extended payment deadline, and the delinquency is the second one in the past twelve months, inclusive of the month of the delinquency, the collector will promptly notify the Department of the delinquency, whereupon the delinquent agent's Lottery sales terminal and any related terminals will be immediately deactivated and the agent will be credited charged with a second delinquency. When settlement of the current week's account which was due on settlement date is paid to the Department's on-line vendor District Office or wire transferred to its account, the Lottery sales terminal and related terminals will be reactivated unless the second incident is within one month of the first. If this occurs, the sales terminal and any related terminals will be reactivated only after review and approval by the Deputy Director of Audit and Finance or Chief Accountant, Supervisor of Financial Accounting, or the Deputy Director of Administration.
- 3) Subsequent delinquencies: In the event an agent is delinquent in settlement of his or her Lottery account or any extended payment deadline, and the delinquency is the third or more in the past twelve months, inclusive of the month of the delinquency, the collector will promptly notify the Department of the delinquency, whereupon the delinquent agent's Lottery sales terminal and any related terminals will be immediately deactivated and the agent will be credited charged with an additional delinquency. - d) The Lottery may, upon written notification and with opportunity for hearing, revoke an agent's ~~terminal~~ license after review of a delinquency, at any stage if the Director determines that termination is in the best interest of the Lottery. Such termination may be initiated without prior notice and opportunity for hearing when the Department's funds are not segregated and available for surrender or when accounts receivable exceed allowable limits as provided in Section 1770.40 of this Part. An evaluation of the circumstances surrounding delinquency, including a review of a delinquent agent's past delinquency record will be conducted to differentiate between incidental agent management error and lack of financial stability or responsibility. Service is deemed complete if returned undelivered when mailed to the agent at the address of the licensed premises with proper postage prepaid.

winners and paid in a single lump sum payment. The amount of lower tier prizes will be determined by dividing each of the prize pools by the number of winners for each respective prize level, and rounding each prize payment down to the nearest fifty cents.

1) Payment of prize installments due with respect to a prize due a winner whose death occurs prior to payment of the final installment may be accelerated. Any prize, or portion thereof remaining unpaid at the death of a winner, may be paid to the estate of such deceased prize winner, or to the designated trustee under a revocable living trust established by the deceased prize winner, as settlor, provided that a copy of such trust has been filed with the Department, along with a notarized letter of direction from the settlor, and no written notice of revocation has been received by the Department prior to the settlor's death. Following such a settlor's death and prior to any payment to such a successor trustee, the Director shall obtain from the trustee and each trust beneficiary a written agreement to indemnify and hold the Department harmless with respect to any claims that may be asserted against the Department arising from payment to, or through the trust.

2) At the election of the estate or successor trustee, the estate or trustee may have the option to request, within six months from the date of death, that the annuity or equivalent investment securities procured by the Department for purposes of generating annual installment prize payments be liquidated at current market value and paid over to the personal representative of the estate or beneficiary successor trustee, as appropriate. Upon receipt of notice of election to liquidate the remaining prize, if the prize payment has been structured through purchase of an annuity, and the annuity contract permits early liquidation, the Department shall promptly notify the annuity company and request that the annuity be liquidated and the commuted (check) value be paid to the personal representative or successor trustee. If the Department has procured investment securities to generate income for satisfaction of future prize installments, the Department, as soon as practicable after such notification, and without jeopardy to the common investment position of securities purchased in connection with payment of future installments to other winners of Grand Prizes from the same drawing date as decedent, shall offer such securities for market sale and shall pay the personal representative or successor trustee the proceeds of sales attributable to decedent's prize. Prior to such distribution, the Department shall deduct from the proceeds of sales such sum as may be required to absorb from the share of the party requesting liquidation, any penalties of or losses incidental to sale, and to restore the investment position of securities purchased with respect to any other same-date winners to the position held prior to liquidation. The balance of the proceeds of sale attributable to decedent's prize shall be distributed. Prior to authorizing accelerated liquidation of any prize, the Department shall obtain from each personal representative or successor trustee requesting such liquidation a complete release of any further liability of the Department for further payments with respect to the decedent's prize upon liquidation as provided herein, and the Department in liquidating the investment vehicle for any such prize shall be discharged of

any further liability with respect to such prize beyond the amount actually realized through liquidation. Any election pursuant to this subsection must be in writing and shall be irrevocable.

h) Cash prizes must be claimed within a claim period set by Departmental directive and the game rules establishing claim periods for the respective games offered by the Department. Unclaimed prize money shall be retained by the Director for the person entitled thereto, for the claim period after the date of the drawing in which the prize is won, as established by game rule. Thereafter, said unclaimed prize funds will be managed as provided in statute.

i) Winning tickets which provide entry into a Preliminary Grand Prize drawing for any instant game must be filed with the Department by the deadline established in the game rules. Entry tickets filed after the Preliminary Grand Prize qualification drawing for the game with respect to which the tickets were sold will be entered into the Preliminary Grand Prize Drawing pool for the next game drawing subsequent to filing of such tickets, provided that no such ticket will be eligible for entry into a subsequent drawing unless filed with the Department, within 120 days of the announced end of the game for which the ticket was originally sold, provided, however, that the Director may establish lesser claim periods for specific games by directive and game rule.

k) For prizes in excess of \$10,000, a winner must identify his or her place of employment, if any, to ensure the winner is not prohibited from lottery play by the Act or these rules. For partnership claims, each partner must furnish employment information.

l) The net revenues accruing from the sale of lottery tickets shall be determined by deducting from total revenues the payments of prizes to holders of winning tickets and payment of costs incurred in the operation and administration of the Department. The Department may transfer income in excess of current operating needs to the Common School Fund.

9) Notice of Proposal Published in Illinois Register:

March 26, 1993 (17 Ill. Reg. 3820)

10) Has JCAR issued a Statement of Objections to these Adopted Amendments? No

11) Differences between proposal and final version: In response to public comments, Section 160.25 has been revised to limit recoupment to individuals who sign a written agreement authorizing the recoupment of improper payments. This limitation has been added to Section 160.25(a). It provides that the Department will seek written agreements from individuals applying for or receiving IV-D non-AFDC support enforcement services authorizing recoupment, through retention of up to 10% of future child support collections, if the individual received funds to which he or she was not entitled. Recoupment will only apply to funds received after the date of the agreement. As proposed, the rules would have allowed the Department to recoup in all cases without requiring an agreement with the individual.

Based on a recommendation from the Administrative Code Division, the definitions of "AFDC recipient" and "AFDC MANG recipient" in Section 160.5 have been placed in the proper alphabetical order. No other substantive changes were made to the text of the proposed amendments.

NOTICE OF ADOPTED AMENDMENTS

The Department does not believe that these proposed amendments will have any significant fiscal impact. Clients will not be significantly affected by the application fee, since it is based on income levels. 160.70 Amendment	September 24, 1993	(17 Ill. Reg. 15229)

15) Summary and Purpose of Amendments: The Department is proposing three additions to its rules governing child support enforcement. The first addition, proposed new Section 160.15, provides for an application processing fee for IV-D non-AFDC cases. The amount of the fee will be based on the gross monthly income of the applicant's family unit. The fee will be \$25, \$15, or one cent. When the fee is one cent, it will be paid by the Department.

The second addition, proposed new Section 160.25, establishes procedures for recoupment of overpayments in IV-D non-AFDC cases. The proposed rule provides that the Department will retain up to ten percent of each child support payment until the overpayment is recouped.

The third proposed addition provides for reporting information concerning past due support to State occupational licensing agencies. Proposed new Section 160.77 is intended to implement Section 10-17.6 of the Illinois Public Aid Code which was added by Public Act 87-412 (House Bill 2486), effective January 1, 1992. It authorizes the Department to provide information to State licensing agencies concerning past due child support amounts. Under the proposed rules, the Department will report the name, address, Social Security Number and terms and amount of past-due support in response to State occupational licensing agencies. The report will be made when the individual has applied for renewal of an occupational license. Opportunities to appeal the release of the information are specified in the proposed rule. This proposed Section 160.77 replaces an earlier version which was proposed on June 12, 1992, at 16 Ill. Reg. 8892.

These proposed amendments also include the addition of the necessary definition of "Assistance Standard" to Section 160.5. In addition, these proposed amendments include the definitions for the terms "Family unit", "Poverty line" and "Gross monthly income" which are used in proposed new Section 160.15. The definition of "MANG" is being moved to its proper position in alphabetical order. Technical changes in the titles of Subpart A and Section 160.1 are also being proposed.

5) EFFECTIVE DATE OF AMENDMENTS: October 14, 1993

6) IF THIS EMERGENCY AMENDMENT IS TO EXPIRE BEFORE THE END OF THE 150-DAY PERIOD, PLEASE SPECIFY THE DATE ON WHICH IT IS TO EXPIRE: This emergency amendment will remain in effect for the 150-day period.

7) DATE FILED IN AGENCY'S PRINCIPAL OFFICE: October 14, 1993

8) REASON FOR EMERGENCY: High water conditions resulting from the flood have eliminated participation by many private clubs in the youth hunts and have prohibited the Department from constructing permanent blinds. These emergency amendments will cancel the youth hunts and allow public hunting at these sites on the days these sites would have been closed to all but youth hunters.

9) A COMPLETE DESCRIPTION OF THE SUBJECTS AND ISSUES INVOLVED: The youth hunts are held annually on DOC sites and at participating private clubs. The majority of hunting is on the participating private clubs. On the state sites, permanent blinds are constructed for the youth hunters' use. The flood conditions have prevented the construction of the permanent blinds and caused the majority of the private clubs to cancel their participation. Public hunting, using boats and temporary blinds will be allowed on the state sites on the days they would otherwise be closed to all but the youth hunters.

The Committee found that the continued enforcement of this rulemaking would constitute a serious threat to the public interest and welfare and was also contrary to legislative intent. The reasons for the suspension are as follows:

The reduction in reimbursement payments for facilities serving clients with developmental disabilities directly conflicts with the legislative intent of PA 88-88, which reduces the assessment rate for these facilities from 13% to 6%. The decrease in payments to ICF/MRs constitutes a serious threat to the public interest, safety and welfare of the citizens of Illinois because by undermining the benefits of the assessment reduction accomplished by PA 88-88, decreased services and staffing for the developmentally disabled residents is likely to result.
